WHAT IS ANSIBLE?

ANSIBLE

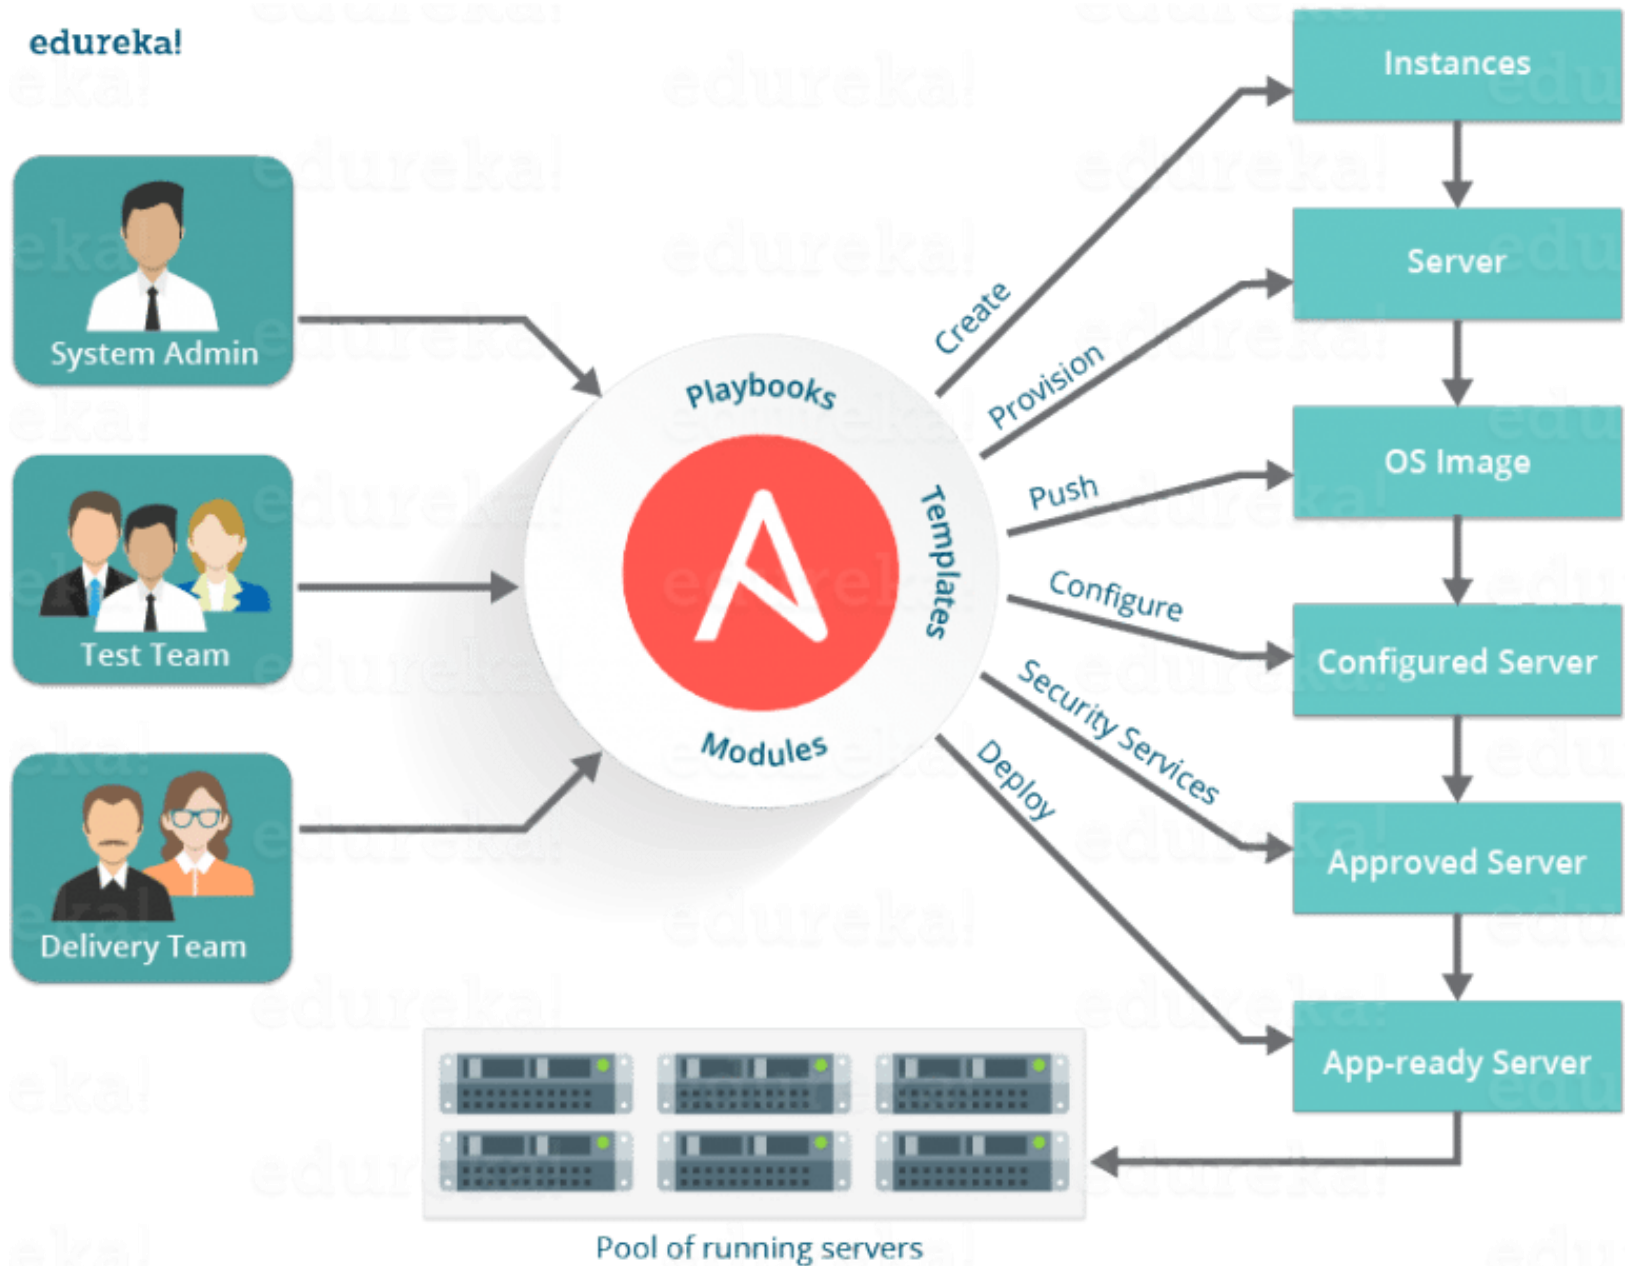

It's a **simple automation language** that can perfectly describe an IT application infrastructure in Ansible Playbooks.

It's an **automation engine** that runs Ansible Playbooks.

Ansible Tower by Red Hat is an **enterprise framework** for controlling, securing and managing your Ansible automation with a **UI and restful API**.

Agentless Deployments (Ansible)

SIMPLE

Human readable automation

No special coding skills needed

Tasks executed in order

Get productive quickly

POWERFUL

App deployment

Configuration management

Workflow orchestration

Orchestrate the app lifecycle

AGENTLESS

Agentless architecture

Uses OpenSSH & WinRM

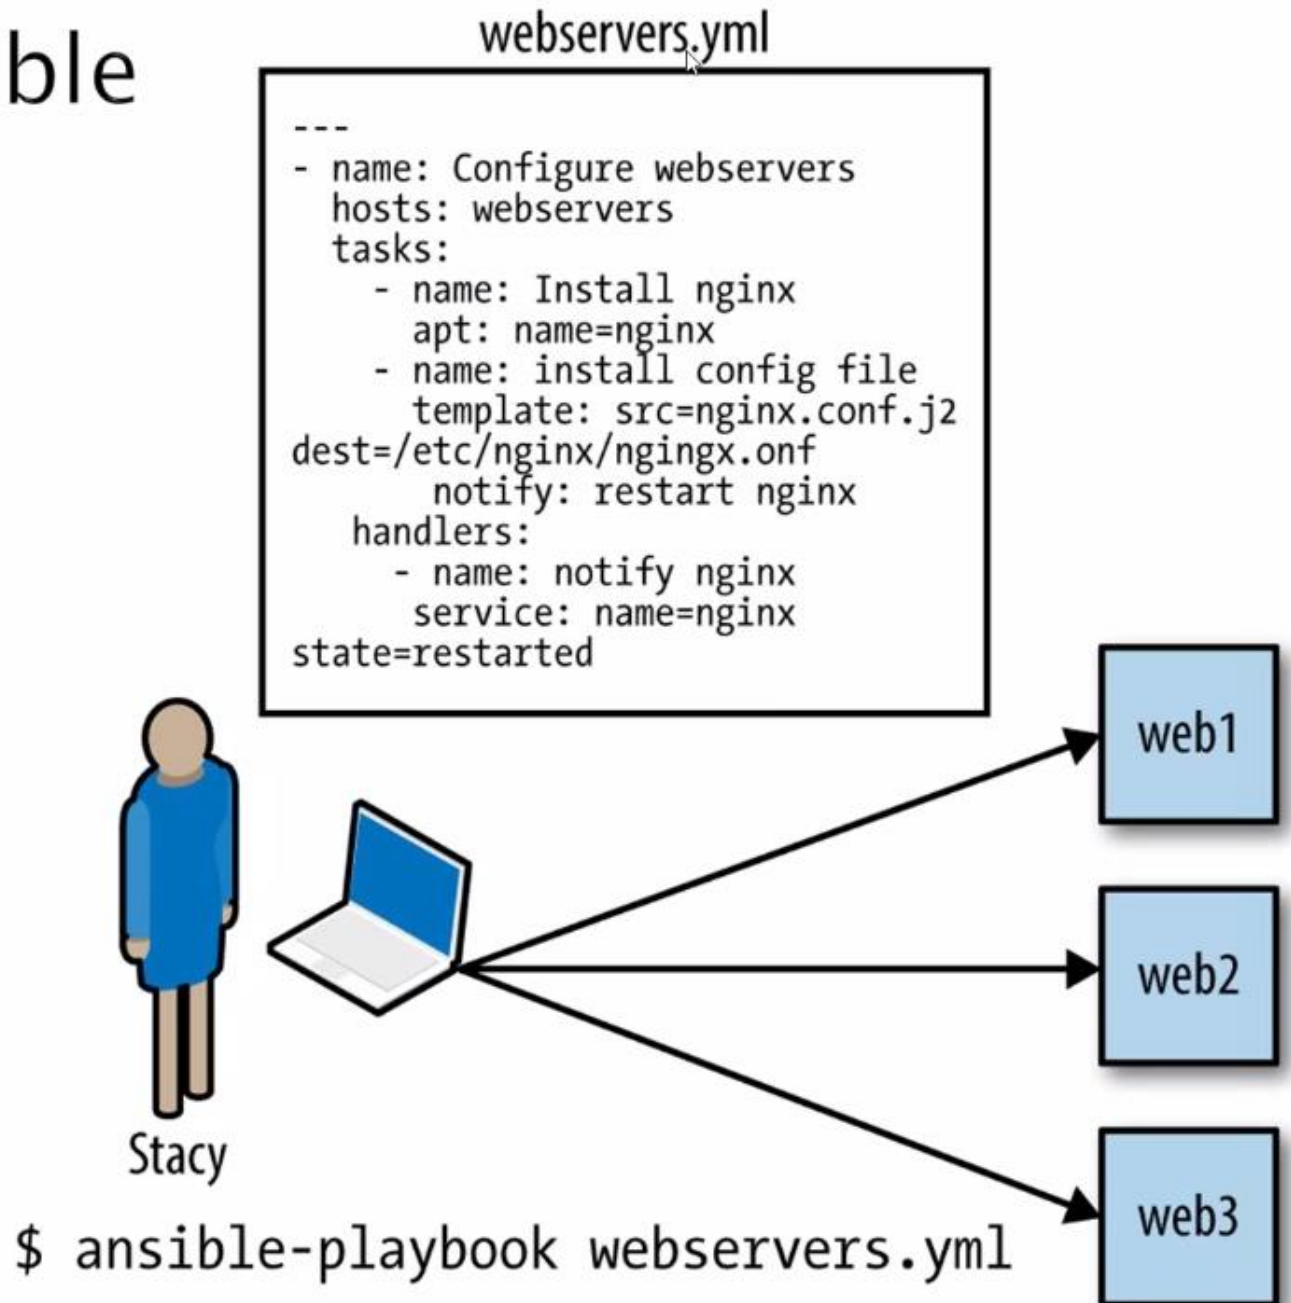

No agents to exploit or update

More efficient & more secure

Execution of Ansible:

- **Ansible Adhoc Mode**
 - `ansible web -i <inventory> -m ping`
- **Ansible –Playbook**
 - tasks:
 - name: install apache
 - yum: name=httpd state=latest
- **Ansible-Roles with Galaxy**
 - breaking a playbook into multiple files

TOWER EXPANDS AUTOMATION TO YOUR ENTERPRISE.

CONTROL

Scheduled and
centralized jobs

KNOWLEDGE

Visibility and compliance

DELEGATION

Role-based access
and self-service

SIMPLE

Everyone speaks the
same language

POWERFUL

Designed for
multi-tier deployments

AGENTLESS

Predictable, reliable,
and secure

AT ANSIBLE'S CORE IS AN **OPEN SOURCE** AUTOMATION ENGINE.

Advantages:

- Gives you control to schedule and centralize jobs
- Allows delegation with role-based access and self-service
- Increase knowledge with visibility and compliance
- Ansible integrates with Satellite, Insights, CloudForms, JBOSS, RHEL, OpenShift, OpenStack, RHV, and Ceph
- Speed up your team
 - Simple to learn and get started quickly
 - Easy to deploy, agentless
 - Once one person automates something in Ansible, your whole team can do the same.

A close-up photograph of a computer keyboard. The central focus is a large, rectangular, bright blue key with the words "Thank You" printed in white, bold, sans-serif capital letters. The key is slightly raised and has a subtle shadow. Surrounding it are several standard white keys. To the left, a key with a double quote and comma symbol is visible. Above the blue key, a key with a closing curly brace and a right square bracket is visible. The lighting is soft, creating gentle highlights and shadows on the keys' surfaces.

Thank You
